

ABSS 2021 ECR Award Guidelines

Description

The ABSS ECR Award recognizes outstanding achievement in the field of Brain Stimulation by an individual researcher within the first 6 years of their PhD (or equivalent research degree, i.e. DPsych). The awardee will be invited to deliver a talk at ABSS2021 and will receive complimentary registration.

Eligibility

Applicants must:

- have held a PhD, or equivalent, for 6 years or less (career disruptions will be taken into consideration as per the current NHMRC guidelines).
- not have a Professorial appointment (i.e. be no more senior than Associate Professor)
- be a member of ABSS and be able to attend ABSS2021*.

*we are planning to provide funding opportunities to support careers who may not otherwise be able to attend.

Selection Criteria

Applications will be assessed, relative to career opportunity, on two criteria

1. Research Achievement (50%)

Publications record, Research impact, Collaboration achievement, Grants obtained, Awards or prizes.

2. Service Achievement (50%)

Commitment to science communication, research leadership potential, professional involvement, community engagement

Application

Applications must include:

1. A 2-page track record statement that includes the following:

- Career summary – including qualifications, employment and appointment history;
- Research support – including grants and fellowships;
- Contribution to field of research – this may include the impact of previous research including translation of research into health outcomes;
- Collaborations;
- Community engagement and participation;
- Professional involvement – including committees, conference organisation, conference participation;
- Supervision and mentoring;
- Peer review involvement (including NHMRC/ARC, other granting organisations, manuscripts, editorial responsibilities).

2. A maximum 300-word summary of the content you will present for the ECR Award Presentation (20 min presentation, 10 min question time) if your application is successful.

3. Where relevant, a career disruption statement of no more than one page

Compile documents into a single pdf, text must be no smaller than 12pt Times New Roman, and all page margins must be 2cm.

Applications must be submitted to m.sale@uq.edu.au by 5pm (EST) on April 9, 2021.
